FISCAL ANALYSIS

Assumptions:

1. The bill has no fiscal impact to the state.
2. The legislation provides the Revenue and Transportation Interim Committee (RTIC) the option to prepare an estimate of projected revenue for a special session if a revenue or appropriation bill will be considered.
3. If the RTIC should choose to prepare an estimate of projected revenue at the time a special session is called, the costs associated with developing the estimate would be absorbed within the existing interim committee budget or included in the feed bill prepared for the special session.
4. No special session is anticipated.
